## Head Shot Pricing

Mike B Photography (MBP) has provided head shot services to fortune 100 companies, small businesses, politicians, actors, and sports figures. MBP offers both traditional style head shots, against a studio backdrop, and environmental style head shots, which are typically photographed in the workplace, or at a predetermined location.

The rates below include commercial rights to digital media files. Files are typically delivered within 3 business days of job completion via Dropbox or file transfer service, and after receipt of payment. The best 4-6 images of each employee will be posted to a private gallery for client review. The client will select their favorite photos (up to 4) and MBP will complete fine editing on each of the selected images. The client would then be provided digital files of each edited photo in both high resolution (suitable for printing) and web optimized versions (great for social media, LinkedIn, or email)
